INTRODUCTION

Loudoun County Fire and Rescue is a growing organization that serves a large and diverse county and population located 30 miles northwest of Washington, DC. As a highly respected organization, we offer superior emergency and non-emergency services to 380,000 citizens within a 520 square mile area. Loudoun County Fire and Rescue is a combination career/volunteer organization comprised of over 500 employees and 800+ active operational and administrative volunteers. Operationally, we are responsible for staffing 20 Fire/Rescue stations, and an increased demand on Fire, Rescue, and EMS services necessitate the continued expansion of our ranks. We seek to hire a highly motivated, effective, and diverse workforce to meet the needs of the County's citizens, work force, and visitors. Moreover, we are seeking individuals who are willing to operate within the organization's core values of Teamwork, Integrity, Professionalism, and Service (TIPS). We offer a meaningful career, competitive salary and benefits, as well as an abundance of learning and promotional opportunities for individuals who wish to proudly serve the Loudoun County community.

JOB DESCRIPTION

Loudoun County Fire and Rescue's Fire Marshal's Office is seeking qualified applicants for a full-time Civilian Fire Inspector position working 40 hours a week. The successful candidate will be responsible for the following: Performs timely and professional fire prevention inspections; issues Notices of Violations and related correspondence as appropriate; performs follow up inspections as needed; submits accurate inspection reports; assists the Code Enforcement supervisor in the research of codes and other regulations to ensure the Loudoun County Fire Prevention Code remains current. May be required to draft technical documents for code change hearings or for the internal dissemination to staff. Reviews technical development plans and provides comment on critical fire or related safety requirements. May participate in local, regional, state and national organizations or committees for the development of codes, standards and regulations organized to improve services or the public's quality of life. Provides fire and life safety education to the public and conducts professional presentations as required. Provides timely and professional response to citizen requests for assistance in the interpretation of local codes and regulations. Processes Fire Marshal Permits and provides accurate information in a courteous, professional and efficient manner. Researches law and code in order to produce technical reports.

County of Loudoun, Virginia
